This guide offers detailed explanations, a variety of exercises with answers, and insights to help you master active and passive voice.

Introduction to Active and Passive Voice

Before diving into exercises, it?s crucial to understand what active and passive voice are, how they differ, and why they matter.

What is Active Voice?

In active voice, the subject performs the action expressed by the verb. The structure typically follows:

Subject + Verb + Object

Example:

The chef cooked the meal.

Here, "The chef" is the subject performing the action "cooked" on the object "the meal."

What is Passive Voice?

In passive voice, the focus shifts from the doer to the receiver of the action. The object of the active sentence becomes the subject of the passive sentence. The structure usually follows:

Here, "the meal" (original object) is now the subject, and the doer "the chef" can be included or omitted.
